

## HighTech makes it possible without surcharge

0.125mm Tracks, 0.2mm Drills and starting from 4WD production time

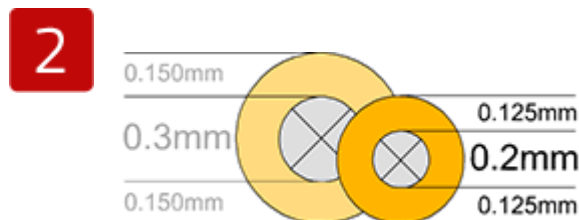

State-of-the-art production facilities enable HighTech parameters without surcharge. The high flexibility leads to a short standard production time and strong adherence to dispatch dates.

## Printed Circuit Boards: Quote & Order

Comparing pays off... Why pay more for less performance

**0.125mm Tracks** Surcharge  
5mil, 125µm **0,0%**

**0.2mm Drills** Surcharge  
8mil, 200µm **0,0%**

**Production time** Surcharge  
from 4WD **0,0%**
