## DecaBDE Position Statement

Poole, 28.06.2016

With the revised version of the European Unions` s Restriction of Hazardous Substances directive 2002/95/EG (RoHS) **from 1<sup>st</sup> July 2008**, the flame retardant Decabromodiphenyl ether (DecaBDE) is **banned** for the use in new electronic products.

Due to the possible bad effects on our environment and to human health, Multi Circuit Boards is not using any materials containing DecaBDE, for years.

Multi Circuit Boards Limited hereby declares that its products **do not contain** Decabromodiphenyl ether (DecaBDE).

Multi Circuit Boards Ltd.

*The content knowledge of materials used in the manufacturing process and in the finished product is based on information provided by third parties and must not have been verified independently through destructive testing methods or chemical analysis.*
