

RoHS - Declaration of Compliance

22.01.2025

Based on current up-to-date information received in good faith from our suppliers, we confirm that all products, supplied by Multi Circuit Boards Ltd., comply with EU Directives 2011/65/EU (RoHS 2) and (EU) 2015/863 (RoHS3), on restrictions of hazardous substances.

We confirm the non-use of the following substances, in brackets the maximum permissible concentration in homogeneous materials in weight percent:

Lead (0,1%)	Butyl benzyl phthalate BBP (0,1%)
Mercury (0,1%)	Dibutyl phthalate DBP (0,1%)
Cadmium (0,01%)	Diisobutyl phthalate DIBP (0,1%)
Hexavalent chromium (0,1%)	Polychlorinated biphenyls PCB (0%)
Polybrominated biphenyls PBB (0,1%)	Polychlorinated naphthalenes PCN (0%)
Polybrominated diphenyl ethers PBDE (0,1%)	
Bis(2-ethylhexyl) phthalate DEHP (0,1%)	

Conformity with the following directives can also be confirmed:

- 2000/53/EG - ELV
- 2002/96/EG - WEEE
- 1907/2006/EG - REACH
- 2006/122/EG - PFOS
- 2019/1021/EU - POP

Exception: According to RoHS, lead-containing products (PCB surface HAL SnPb) may only be used if the end product falls under one of the corresponding RoHS exemptions. The obligation for exemption concerns the manufacturer of the end product.

Multi Circuit Boards Ltd.

P. Horstmann, Director
